TERMS OF SALE

These terms of sale are designed to conform to the Amended Rules for Public Auction Sales in New York City by the Department of Consumer Affairs and the Bylaws of the Professional Numismatists Guild, Inc.

1. This public auction sale is conducted pursuant to these Terms of Sale by licensed and bonded auctioneers, Harvey G. Stack, #0522763 and Lawrence R. Stack, #0798114.
2. **Each bidder, by bidding in the sale, agrees that a 15% BUYER'S CHARGE will be added to the "hammer price" or winning bid of each lot as determined by the auctioneer.** This 15% BUYER'S FEE will be added to the invoice of each successful bidder over and above the actual sum bid or offered. The Buyer's Fee applies regardless of a bidder's affiliation with any group or organization, and is imposed on all bidders. No lots will be delivered or shown at the auction. Auction sales are strictly for cash and must be paid for promptly in U.S. funds. COIN GALLERIES reminds you that all bidders personally guarantee prompt payment in full. Checks are permitted with identification acceptable to COIN GALLERIES. On any accounts past due, COIN GALLERIES reserves the right to extend credit and impose periodic charges as stated in these Terms of Sale or on the invoice or statement. Buyer agrees to pay the reasonable attorney fees and costs required to collect on such past due accounts. All lots delivered in New York State are subject to applicable Sales Tax. Buyer agrees to pay any sales tax, use tax, and any other applicable taxes that now, or hereafter, are found to be due by virtue of the sale, and to indemnify and hold COIN GALLERIES harmless for any sales or other taxes due thereunder, including reasonable attorneys fees, costs and any interest or penalties assessed. Buyer shall also pay all shipping and handling charges where applicable.
3. Purchasers claiming exemption from such taxes must submit resale or exemption certificates or other proof of exemption. Out-of-state Purchasers taking delivery in New York must provide an OSR certificate or pay applicable taxes due. All purchasers represent that they are not seeking to acquire goods for personal, family, or household purposes, but are bidding for resale purposes; and those submitting OSR's additionally represent that they are professionals, knowledgeable and fully aware of what they are purchasing, a representation upon which COIN GALLERIES relies in agreeing to sell to Purchaser. Buyers picking up lots may be required to confirm this agreement in a separate writing.
4. COIN GALLERIES is not responsible for your errors in bidding. **PLEASE BID ON THE CORRECT LOT.**
5. All persons seeking to bid, whether in person, by an agent or employee, or by mail, must have a catalogue and register to bid. By submitting a bid, whether in person, by mail, or through an employee or agent, the bidder acknowledges receipt of the catalogue, and agrees to adhere to these terms of sale. The auctioneer may decline to recognize any bidder who does not have a catalogue and has not registered. Any prospective bidder may be required to establish credit references or submit a deposit of 25% of their bids. All new bidders should be prepared to establish credit with the auctioneer prior to registering to bid.
6. By bidding, purchasing or offering to purchase in this sale, even if as an agent, or on behalf of a corporation or for another individual, each bidder personally guarantees prompt payment and agrees to be personally liable for the consequences of bidding; all bidders also personally guarantee prompt payment in full, including without limitation, BUYER'S FEE, taxes, surcharges, postage, handling charges, storage costs and insurance charges.
7. COIN GALLERIES reserves the right to require payment in full before delivering lots to a successful bidder, and reserves the right to require the principals, and directors of any corporate bidder to execute a guarantee of payment (which, in any event they do by having an agent or employee bid in the sale) prior to allowing a bid to be placed or recognized.
8. COIN GALLERIES reserves the right to impose a late charge, based solely upon Purchaser's failure to remit full and timely payment, and which late charge is not related to any necessary storage of the material purchased. Said late charge is calculated at a rate of 1½% per month (18% per annum), based on the purchase price if payment has not been made in accordance with these Terms and Conditions of Sale. Purchases not collected within thirty (30) days of the date of sale may, at the sole option of COIN GALLERIES, be resold for Purchaser's account by COIN GALLERIES, with Purchaser liable for any deficit after COIN GALLERIES receives a commission for the same in accordance with its agreement, and thereafter deducts all expenses associated with the sale, including reasonable attorneys fees.
9. Bids are NOT accepted from minors. By bidding in this sale, the bidder represents and certifies that they are of legal age, are authorized to make the bid that they make, and that the purchase is not a consumer sale or consumer credit transaction.
10. **Title remains with COIN GALLERIES until paid for in full.** Should Purchaser take any action under Title 11 of the U.S. Code, or any state insolvency law, Buyer agrees to promptly return to COIN GALLERIES, any lots not paid for. The Buyer agrees to keep the lots fully insured until paid for. Risk of loss is on the Buyer.
11. The highest bidder as determined in the sole discretion of the auctioneer shall be the Buyer. If the auctioneer determines that a dispute has arisen between two or more bidders, the lot may be immediately put up and sold again. Bidders with whom the dispute previously arose shall be without further recourse for any damages whatsoever.
12. If you bid by mail, **mail your bid sheet early.** Mail bidders agree to and are subject to these terms of sale just as if they were floor bidders.
13. The auctioneer reserves the right to refuse ridiculously low bids, which in the auctioneer's sole discretion, are felt not to have been made in good faith. The auctioneer reserves the right to open the lot at a reasonable price determined solely by the auctioneer. The auctioneer shall also have sole discretion to set initial, and subsequent bidding increments, and to accept, or to decline to accept, challenges to those bidding increments. All bids not in whole dollar amounts may be rounded downward by the auctioneer. The auctioneer may open bidding on any lot by placing a bid on behalf of the Seller, a mail bidder, COIN GALLERIES, or another participant in the sale. The auctioneer may bid further on behalf of the Seller up to the amount of the reserve by placing successive or consecutive bids for a lot, or by placing bids in response to other bidders. The auctioneer may bid for his, or its, own account at any auction and may place a reserve on any lot, and items contained in them, that are not otherwise available to the public. The auctioneer is not to be held responsible for the actual condition of the bidder and represent the opinion of the auctioneer as to the

fair market value of the numismatic item at the time of cataloguing, based on experience and comparable sale, if applicable. The actual price realized may be higher, or lower than the estimate. If a lot is reserved, the reserve may not exceed the maximum estimated price.

14. Auction sales are not approval sales. In the event of non-payment by the Buyer, COIN GALLERIES reserves any and all rights that it would be entitled to under the Uniform Commercial Code, including Buyer's consent to file a financing statement without need of Buyer's signature, and to offset any sums due on any future consignment or purchase or monies or goods in possession of COIN GALLERIES or its assigns.
15. All bidders are encouraged to carefully examine all lots prior to the sale. No lots will be shown at the sale. COIN GALLERIES assumes no risk, liability or responsibility for the material (or other) facts stated concerning the numismatic item, except as specified herein. All floor buyers should acquaint themselves with the property sold since COIN GALLERIES will assume that they have done so and requires that the Purchaser represent that they have. Bidders are deemed to have satisfied themselves as to all of the matters set forth in the terms of sale.
16. COIN GALLERIES, as agent, offers a LIMITED WARRANTY that any numismatic item sold is authentic (i.e., not counterfeit, that its date or mintmark has not been altered, and that the coin has not been repaired as those terms are used in the trade). Except as set forth in this limited warranty and as may be required by the arts and cultural affairs law, and any other law or regulation, all other warranties of authenticity of authorship, whether express or implied, are hereby disclaimed.
17. Except as otherwise stated herein, all items offered in this catalogue are **GUARANTEED TO BE GENUINE** and correctly attributed as defined below.
18. (a) NO LOT may be returned for any reason whatsoever without the prior written consent by COIN GALLERIES, or, in any event, if it has been removed from its original container. **No lots purchased by those who have viewed the lots may be returned**, unless the limited warranty provided in these terms of sale permits it.
(b) Grading is a subjective description in the opinion of the cataloguer as to the state of preservation, method of strike, and overall appearance of a particular coin or lot. The term "proof" or "specimen" is used to describe a method of manufacture, and is not a grade or condition or an attribution.
(c) COIN GALLERIES does not represent that a numismatic item has or has not been cleaned; that any toning is natural or artificial; that any coin catalogued will meet the standards, or the grade, of any third party or third party grading service; that a numismatic item has a particular provenance or pedigree; that a numismatic item is struck or not struck, or produced or not produced in a particular manner or style.
(d) Adjectival descriptions and terminology (which can and does vary among experts and knowledgeable purchasers), when utilized in the catalogue, are strictly the opinion of the cataloguer and shall not be deemed to be part of the description; i.e. it is an opinion only and not a warranty of any kind.
(e) Grading descriptions in this catalogue are provided strictly for the convenience of those who bid by mail and who are unable to personally view the coins, and represents the cataloguer's opinion of its state of preservation. Those attending the sale, and those bidders who actually view the lots should draw their own conclusions as to the state of preservation or grade of the numismatic item.
(f) COIN GALLERIES may utilize numerical or adjectival descriptions, and may include lots that have been graded by others. Opinions offered with respect to numismatic properties offered for sale by COIN GALLERIES are made at the time that the numismatic item is catalogued, and do not refer to any prior or subsequent time.
(g) Where COIN GALLERIES sells a numismatic item graded and encapsulated by a grading service, Buyer acknowledges and agrees that other grading services, COIN GALLERIES or knowledgeable purchasers might reach a different conclusion as to the state of preservation of a particular item, and that COIN GALLERIES has presented the service's description of the encapsulated item for accommodation only. Any such information provided by COIN GALLERIES is the opinion of the third party, without recourse against COIN GALLERIES in any way whatsoever.
(h) **Except as otherwise expressly stated in the Terms of Sale, COIN GALLERIES and its agents and employees make no warranties or guaranties or representations, and expressly disclaim all warranties and guaranties and representations, including, without limitation, a warranty of merchantability, in connection with any numismatic properties sold by COIN GALLERIES.**
(i) All oral and written statements made by COIN GALLERIES, are statements of opinion only, and are not warranties or representations of any kind, unless stated as a specific written warranty, and no employee or agent of COIN GALLERIES has authority to vary or alter these Terms of Sale. Any alteration shall be effective only if in writing and signed by a member of the firm.
(j) If not so stated expressly, the grade, artisanship, provenance, or attribution is the firm's opinion only on which no third party, including the bidder, is entitled to rely.
(k) COIN GALLERIES assumes no risk, liability or responsibility for the material (or other) facts stated concerning the numismatic item, except as specified herein.
19. Unless otherwise stated, COIN GALLERIES acts only as agent for a Consignor and makes no independent warranty of title. COIN GALLERIES offers the following LIMITED WARRANTY to Buyers with respect to all numismatic items offered for sale. COIN GALLERIES warrants to all Buyers that the Consignor or the Seller has warranted good title to property offered for sale. Any such warranty is predicated on the Owner or prior owner making the same warranty to COIN GALLERIES, upon which the firm relies. In the event that it is finally determined that the Purchaser has not acquired transferable title, COIN GALLERIES shall reimburse the Purchaser (if full payment has already been made) in accordance with these Terms of Sale, and Buyer agrees that this is full compensation for any loss whatsoever, whether actual or otherwise. Tender of the check by COIN GALLERIES to Buyer at the address specified on the bid sheet or registration form shall end the obligation of COIN GALLERIES to the Buyer, even if the check is not endorsed or cashed. COIN GALLERIES and the Consignor make no representations or warranty that the Purchaser acquires any reproduction rights or copyright in property purchased at the sale.
20. COIN GALLERIES further expressly disclaims all warranties relating to the grade, condition, identification of the periods or date of coining or manufacture or methods of manufacture of property which is inaccurate, or may be proved inaccurate, by means of scientific process or research which is not generally accepted for use until after the sale

21. COIN GALLERIES reminds the Buyer that the grading or condition of rare coins may have a material effect on the value of the items purchased, that others may differ with the grading opinions or interpretations of COIN GALLERIES, that such difference of opinion (including whether the coin has been cleaned, or is or is not of a particular grade or quality) is not grounds to return an item purchased; and that all sales of items viewed by a Purchaser in advance of a sale, even if the sale is by mail, are final.
22. By purchasing in this sale, Buyer agrees that they shall have no recourse against the Consignor for any reason whatsoever. In the event that a warranty is offered with respect to grade or state of preservation or condition, it shall be a specific warranty, in writing, signed by a member of COIN GALLERIES, and shall specify its terms and conditions and duration. If any numismatic item is damaged in its removal from encapsulation, or during its encapsulation, it is at the sole risk of the Purchaser. Because of the fungibility of numismatic items, any item removed from its holder may not be returned for any reason whatsoever.
23. (a) On any claim made by a bidder, COIN GALLERIES must be advised in writing sent within seven days after receipt of the material, or the date of the sale, whichever is the later; these dates apply whether or not the Buyer has received the material. The disputed property must be returned to COIN GALLERIES in the same condition as sold by COIN GALLERIES, in the same holder.
- (b) These conditions are binding and absolute unless varied in writing by a member of COIN GALLERIES or if the bylaws, rules or regulations of the Professional Numismatists Guild, Inc., provide for a longer period, or give the Buyer a greater right, in which case such bylaws, rules or regulations shall prevail. Any and all claims of the Buyer made in violation of the Terms of Sale shall be deemed waived, and the Buyer shall be without further recourse.
24. If COIN GALLERIES, in its sole discretion, determines that any numismatic property is substantially and materially different from that represented in the catalogue of sale, or in any written advertisement or material, the sale shall be cancelled and COIN GALLERIES shall refund the purchase price to the Buyer. Unless provided otherwise in these terms or the PNG bylaws, that shall be COIN GALLERIES sole obligation to Buyer.
25. The auctioneer and cataloguer, COIN GALLERIES, reserves the right to include its own material in any auction sale. The auctioneer may have direct or indirect interests in these, and other items (other than its commission), and may collect a minimum price in addition to the selling commission. This paragraph shall be deemed a part of the description of all lots contained in the catalogue. The catalogue shall also be deemed a part of any invoice issued by the auctioneer. The auctioneer may make loans or advances to consignors and/or prospective purchasers. The Consignor may be permitted to bid on his, her or their own articles and to buy them back at the sale. Any Buyer who bids on or purchases their own goods is required to pay for them, in full, as the terms of sale provide for together with the full buyer's commission, and any other applicable surcharges, postage, handling, insurance fees and taxes, without rebate of any kind whatsoever, unless provided for otherwise by contract with the auctioneer. The auctioneer reserves the right to make accounting adjustments in lieu of payment. Settlement will follow the auction. The prices realized reflect the final price called by the auctioneer and may include a bid of a consignor reacquiring their lot.
26. COIN GALLERIES, the auctioneer, and employees are "insiders" and may have access to confidential information not otherwise available to the public with respect to value, provenance, availability, and other factors. Purchasers should make themselves acquainted with the numismatic items that they are purchasing and avail themselves of the services of outside consultants prior to engaging in any purchase. Bids are so much per LOT. No lots will be broken up unless otherwise stated.
27. No bidder shall have any claim against the auctioneer, or COIN GALLERIES, for improper sequence of offering a lot.
28. On bullion items, bullion-like items, and encapsulated items graded by a grading service, Buyer agrees that there shall be no right of return for any reason whatsoever. Buyer further agrees that due to market volatility, in event of non-payment, COIN GALLERIES shall be entitled to damages that are the greater of selling price or market, together with any supplementary or additional costs.
29. COIN GALLERIES at any time may rescind the sale in the event of non-payment or breach of the warranty of title.
30. The sole remedy that any participant in the auction shall have, whether bidding in person, by mail, or through an employee or agent, for any claim or controversy arising out of the auction shall be a refund of the original purchase price and premium paid, if any. Interest shall be paid by COIN GALLERIES at a rate of no greater than nine per cent (9%) per annum, up to a maximum of six (6) years, unless the rules of the Professional Numismatists Guild, Inc. provide for a higher rate of interest or a longer period of time, in which case such rules shall prevail. A lower rate, or shorter period, may be decided by the arbitrators. Upon payment as determined by the arbitrators, or in full at the maximum rates set forth above, or at an agreed rate, COIN GALLERIES shall be deemed released from any and all claims of the bidder arising out of or in connection with the sale of such property. Purchaser agrees to execute prior to delivery of any refund any documents reasonably requested to effect the intent of this paragraph. By bidding in this sale, all bidders consent to these terms and all other terms of these conditions of sale.
31. **COIN GALLERIES hereby disclaims all liability for damages, incidental, consequential or otherwise, arising out of or in connection with the sale of any property by COIN GALLERIES to Purchaser.** All bidders, even if unsuccessful purchasers, agree to abide by this condition, and all other conditions of sale.
32. All rights granted to the Purchaser under the within terms of sale are personal to the Purchaser. Purchaser may not assign or transfer any of these rights to any other person or entity, whether by operation of law or otherwise. Any attempt so to assign or transfer any such rights shall be absolutely VOID and unenforceable. No third party may rely on any benefit or right conferred by these Terms and Conditions of Sale and terms of warranty on any bidder or Purchaser.
33. "Purchaser" shall mean the original purchaser of the property from COIN GALLERIES and not any subsequent owner or other person who may have or acquire an interest therein. If Purchaser is an agent, the agency must be disclosed at the time of sale; otherwise, the benefits of the warranty shall be limited to the agent and not transferable to the undisclosed principal.
34. If you have any questions about the sale or the terms and conditions of sale, or the warranties contained herein, they shall first give COIN GALLERIES a written notice by mail, and then by Certified Mail Return Receipt Requested during which time COIN

GALLERIES may, should it choose to contest the third party's claim, ask the Professional Numismatists Guild, Inc., or the American Arbitration Association to appoint a panel of three arbitrators skilled in the field to make such a determination at New York, N.Y. By seeking to use such remedy, the third party unequivocally and without reservation consents to binding arbitration, and its conclusive and binding determination of any alleged damages as a sole remedy. With respect to any other pertinent notice requirements, venue and personal and subject matter jurisdiction, said third party is bound to the provisions pertaining to bidders, buyers and purchasers, as otherwise provided for in these Terms of Sale.

35. In the event COIN GALLERIES shall, for any reason, be unable to deliver the property sought to be purchased, its liability therefore shall be limited to the rescission of the sale and refund of the purchase price and buyer's premium. **COIN GALLERIES hereby disclaims all liability for damages, incidental, consequential or otherwise, arising out of its failure to deliver any property purchased, and all bidders agree to this disclaimer.**
36. If it is determined that a bailment relationship exists while the material purchased is being held by COIN GALLERIES, for Purchaser, said relationship constitutes a gratuitous bailment only, solely for the benefit of the purchaser, bailor, as defined by the laws of the State of New York.
37. As a condition of bidding, bidder acknowledges that numismatic auction sales are unique in terms of their tradition and industry practices. Each bidder agrees that **any claim or controversy whatsoever arising out of this sale shall be settled as follows:** if demanded by either buyer, or COIN GALLERIES by binding arbitration at New York, New York, under the rules then obtaining of the Professional Numismatists Guild, Inc., or as PNG rules may provide, the American Arbitration Association. In the event that a dispute arises between COIN GALLERIES and a non-member of the PNG, this means that the American Arbitration Association, at New York, N.Y., shall have exclusive jurisdiction over the controversy. In any controversy concerning non-payment, COIN GALLERIES shall have the right to proceed by arbitration or by a proceeding in any court of competent jurisdiction in the City, County, and State of New York, whichever is first commenced by COIN GALLERIES. The arbitrator shall not have the power to alter the terms of condition of sale. Judgment on any award may be entered in any court of competent jurisdiction. The arbitrators, and any court, shall award the prevailing party costs and reasonable attorney fees. By bidding in this sale you agree to be bound by the arbitration provisions of the PNG as described above. Commencement of an arbitral proceeding, or confirmation of an award, as well as any notice requirements connected with such proceeding, and any other required service of process, may be made by COIN GALLERIES upon all bidders by registered or certified mail directed to the address of the bidder or purchaser as listed on the bid sheet or application or form required at the time that a bidder number is issued, or by facsimile transmission with proof of receipt. Bidder agrees that such service shall constitute full in personam jurisdiction. The venue for such proceedings shall be the City of New York, State of New York and each bidder agrees to in personam (personal) jurisdiction of the City of New York, State of New York. In all cases, the maximum liability of COIN GALLERIES for any item sold shall be limited to the official price of record of the item at this sale, without provision for consequential damages, or any other damages of any kind whatsoever, unless the PNG rules provide otherwise.
38. If the Purchaser fails to comply with one or more of these Terms and Conditions of Sale then, in addition to all other remedies which it may have at law or in equity, COIN GALLERIES may, at its sole option, either (a) cancel the sale, retaining as liquidated damages all payments made by the Purchaser, it being recognized that actual damages may be speculative or difficult to compute, or (b) sell some or all of the numismatic property and some or all other property of the Purchaser held by COIN GALLERIES, in a quantity sufficient in the opinion of COIN GALLERIES to satisfy the indebtedness, plus all accrued charges. More than one such sale may take place at the option of COIN GALLERIES. Such sale may take place without notice to Purchaser; if COIN GALLERIES gives notice, it shall be by regular mail to the address utilized on the bid sheet, consignment agreement or other address known to the firm. Such sale will be at COIN GALLERIES standard commission rates at public or private sale, within or without the City of New York, at which time (if the sale be at auction) the defaulting party shall not bid. The proceeds shall be applied first to the satisfaction of any damages occasioned by Purchaser's breach, and then to the payment of any other indebtedness owing to COIN GALLERIES, including without limitation, commissions, handling charges, the expenses of both sales, reasonable legal fees and collection agency fees and any other costs or expenses incurred hereunder. If a lot or numismatic item is not paid for, and is sold by COIN GALLERIES for Purchaser's account, in accordance with the Uniform Commercial Code, COIN GALLERIES shall not be required to account to the Purchaser for any excess proceeds. Purchaser is also liable to COIN GALLERIES if the proceeds of such sale or sales is insufficient in the opinion of COIN GALLERIES to cover the indebtedness. If other property of Purchaser is also sold, any excess of proceeds will be remitted to the Purchaser after first deducting the expenses set forth above. If Purchaser fails to remit sums due to COIN GALLERIES, Purchaser grants to COIN GALLERIES a lien with respect to such sum, with interest to accrue thereon at the judgment rate, until actually paid, which lien shall apply against any property of Purchaser, including any future goods of Purchaser coming into possession of COIN GALLERIES. **Purchaser hereby waives all the requirements of notice, advertisement and disposition of proceeds required by law, including those set forth in New York lien law, article 9, sections 200-204 inclusive, or any successor statute, with respect to any sale.** Purchaser waives a right to redeem.
39. The auctioneer reserves the right to postpone the sale by auction for a reasonable period of time as a result of any significant event which, in the sole discretion of the auctioneer, makes it advisable to postpone the event. No bidder or prospective bidder or purchaser or prospective purchaser shall have recourse as a result of any postponement. In any event, no person may bid without registering, and ALL REGISTERED BIDDERS including mail bidders and agents by registering or bidding **agree to all of the above Terms and Conditions of Sale.**
40. By bidding or offering to bid, bidders acknowledge that they have read all of the Terms and Conditions of Sale and warranty contained herein and that they accept these terms and conditions without reservation. COIN GALLERIES reserves the right to vary the Terms and Conditions of Sale by rider or other means communicated to bidders. By purchasing from COIN GALLERIES, whether present in person, or by agent, by written bid, telephone or any other means, the bidder agrees to be bound by these Terms and Conditions of Sale.
41. **ALL ITEMS ILLUSTRATED ARE OF THE ACTUAL ITEMS BEING SOLD.**

Following Athens' attempt to extend its power over Syracuse and the Western Greeks in the Second Peloponnesian War, its fortunes against Sparta waned. In 413 B.C., at the the Battle of Assinaros, 50,000 Athenian soldiers were killed or captured. The Spartans then seized the strategic fortress of Decelea in Attica. Garrisoning the fort year-round, the Spartans effectively shut Athens off from most of its hinterland, agriculture and the rich silver mines of Sounion.

In 412, Athens' ultimate reserves of 1,000 talents was released. By 411, the state was nearly without money, and by 406 it was reduced to issuing official fourrée Tetradrachms and Drachms.

WORLD PAPER MONEY

MING DYNASTY ONE KUAN NOTE

- *889 **CHINA. Ming Dynasty. Emperor Hung-wu, 1368-1399.** 1 Kuan (1,000 Cash). Rough, coarse grayish-blue paper with red seal of the emperor. *Ta Ming t'ung hsing pao cha'ao* ("Great Ming universally valid precious money"). *1 Kuan Hu Pu* ("Board of Revenue"). "The Great Ming valid paper money shall pass current with copper currency. Counterfeiters shall be beheaded, and those who supply information leading to their arrest and conviction shall be granted 250 tael, as well as the property of the criminal." A well-printed note, but a number of juncture holes upper left and typical frayed ends. Good to Very Good. (300-500)
- 890 **CZECHOSLOVAKIA. Theresienstadt.** Complete set of Concentration Camp notes, Jan, 1, 1943. Krone, 2, 5, 10, 20, 50 and 100 Kronen. Campbell 4111-4117. Moses holding the Ten Commandments. Very Fine. **7 pieces.** (100-150)
Model notes for a "model ghetto" that was intended to show the Red Cross and impress less-than-clear-sighted foreign visitors. Theresienstadt was nothing more than a transit point to Poland's death camps. The vignette of Moses and the signature of Jakob Edelstein as Der Alteste der Juden (Elder of the Jews) are poignant examples of the cavalier mockery inherent in the Nazi façade that cloaked the insanity.

VATICAN - PAPAL STATES

AN EXTRAORDINARY COLLECTION OF PAPAL MEDALS

Papal medals span eight centuries, providing a graphic record of European history and art. Their portraiture, heraldry, architectural views and religious symbolism are unrivalled for quality and variety. Many medals were struck long after their first issue, either by engravers who owned their own dies or from dies purchased by the Papal Mint from engravers' descendants. There is no sure way of pinpointing the striking date of many Bronze medals, but die breaks and rust, edge filing and die marriages give hints to a medal's actual age. Medallist art researcher John Varriano explored these questions in "Some Documentary Evidence on the Restriking of Early Papal Medals," (Museum Notes, American Numismatic Society, 1981), and in his "Roma Resurgens, Papal Medals from the Age of the Baroque" (University of Michigan Museum of Art, 1981). Mazio numbers refer to Francesco Mazio's 1824 catalogue of Papal Medals on sale at the Rome Mint.

At the compass points: Four figures representing the Four Freedoms. 313 pieces struck in Gold. (400-500)

This erstwhile piece was the brainchild of Abe Kosoff and Hans Schulman. With the creation of the U.N. in 1945, the pair conceptualized an international currency. Karl Gruppe was called upon to design a pattern using Kosoff's Four Freedoms suggestion.

The duo planned to present a Gold sample to the U.N. secretary-general Trygve Lie on the steps of New York's City Hall. This never came to fruition. A specimen, meanwhile, had been sent to the Director of the Mint. The director opposed the idea. Kosoff and Schulman's endeavor was nixed and the dies, according to Kosoff, destroyed.

MEDALS AND DECORATIONS

STATE OF OHIO CIVIL WAR SERVICE MEDALS

On June 1, 1866, Adjutant General B.R. Cowen bestowed Ohio's 37mm Bronze medal on Civil War Veterans who had re-enlisted for a second 3-year term under General Orders No. 191 of 1863. Struck by Tiffany & Co., the design featured the goddess of Ohio holding a Liberty cap and Buckeye sprig on a pole, crowning a uniformed rifleman, the State Arms and eagle at right. The opposite side was inscribed THE STATE OF OHIO/ TO (name)/ VETERAN/ (unit) OHIO VOLUNTEER/ (rank). The Bronze header with its Buckeye and palm supported a red-white-blue swallowtail ribbon. In awarding this medal, Ohio was decades ahead of the Federal government in recognizing Civil War service.

U.S. TOKENS

- 1245 **North American Token, 1781.** Breton 1013. Good Fine.

- 1246 **New York City.** Glover's Storecard, ca. 1819-20's. A gloved hand countermarked in high-relief on a contemporary counterfeit Caracas 1819 2 Reales in German Silver. Interesting. Very Fine; and a worn North American Token, 1781 c/m M NELSON twice on the obverse and once on the reverse; also: **BARBADOS.** Penny, 1792. Slave head; I SERVE. Rv. Neptune in chariot drawn by seahorses. Very Fine; **PUERTO RICO.** Brass Token. **Las Puertas de Hierro. San German. Tomas Quiñones.** C/ms. Fine. **4 pieces.**

While there is no c/m name on the first piece, its collection-holder penned ca. 1900 to 1920 notes "New York storecard." New York was a center of the manufacture of contemporary counterfeit Caracas 2 Reales, so it seems quite plausible that a local storekeeper (likely a glover) acquired some to use as storecards.

UNITED STATES COINS

U. S. COLONIAL COINS

- 1380 **1723, 1724 Wood's Hibernia Farthings.** Very Good or finer. First is dark brown on a wide flan, with a notable die crack atop George's head. The much scarcer 1724 is medium brown with golden-brown devices. 2 pieces.
- 1381 **1773 Virginia Halfpenny. No Period of GEOR-GIVS.** 121.0 grains. About Very Fine. Dark chestnut brown surfaces with ancient, toned-down scratches mostly on the obverse.
- 1382 **1760 Voce Populi Halfpenny. Zelinka 2-A. Nelson 4.** Fine. Attractive medium brown surfaces host a few nail pricks above the head on the obverse and an attempted puncture at Hibernia's feet. Both sides are slightly off center, affecting only the very tops of the letters 'RNIA' on the reverse. A minor lamination is noted at upper reverse.

CHARMING CHALMERS THREEPENCE

Lot No. 1383

- 1383 **1783 John Chalmers Threepence. Breen 1018.** 11.2 grains. Very Fine. Holed. Surfaces are generally bright, the fields and protected areas are toned an attractive lavender-silver hue, the devices are highlighted in brighter silver. A glass reveals a few minor marks, probably gained during this coin's prior life dangling from a piece of jewelry or ornament. Both sides are well struck, with finger details visible in the clasped hands, while the reverse is a bit off center, as is normal for this issue. Pre-federal American silver coinages are rare in general, and this issue may be considered **very rare** and a coup for the collector of early silver.

John Chalmers, former Continental Army recruiting officer and resident of Annapolis in 1783, started his silver coinages as a pattern for a coinage proposal to the Continental Congress. Since his proposal was not adopted, he embarked on a series of silver coins in Shilling, Sixpence, and Threepence denominations, with dies engraved by Maryland silversmith Thomas Sparrow. Shillings are the most prevalent, followed by the Threepence and then the Sixpence.

- 1384 **1783 Nova Constellatio Copper. CONSTELLATIO. Pointed Rays. Small US. Crosby 2-B.** Very Fine. Very porous. Warped; **1781 North American Token.** Very Good. Some legends weak; **1723 Wood's Hibernia Halfpenny.** Fine. Porous. 3 pieces.
- 1385 **1783 Nova Constellatio Copper. CONSTELLATIO. Blunt Rays. Crosby 3-C.** 121.8 grains. Choice Fine. Rich chestnut brown surfaces exhibit many rim bruises and fine ticks at the periphery.

MASSACHUSETTS COPPERS

- 1386 **1787 Half Cent. Ryder 1-D. Rarity-4+.** 74.8 grains. Very Fine to Extremely Fine in terms of wear, with uniform porosity on both sides. A large hole has been made to the right of the eagle's head. HALF CENT complete on the eagle's chest, a detail which the Schonwalter AU did not possess.
- 1387 **1787 Cent. R.3-G.** 153.9 grains. Very Good. Very lightly granular, chestnut brown surfaces host many fine ticks. A notable, tight scratch is noted above '8' in the date.
- 1388 **1788 Cent. R.11-E.** 144.8 grains. Fine. Dark brown and uniformly porous. This coin exhibits abundant design detail with a full CENT and eagle feathers.
- 1389 **1788 Cent. R.12-I.** 147.1 grains. About Very Good/About Fine. The obverse exhibits less detail, which is a characteristic of this variety. Otherwise smooth, glossy and attractive. This reverse variety's wildly placed 8's are a dead giveaway to its identity.

CONNECTICUT COPPERS

- 1390 **1785 Mailed Bust Right. Miller 6.3-G.1 (R-3).** 135.4 grains. Fine. Struck from *extremely late states* of the dies, with the dies on both sides buckling, resulting in very little visible detail on either side. Shadow of a date is visible on this dark brown, evenly granular piece.

ATTRACTIVE "HORNED BUST"
CONNECTICUT COPPER

Lot No. 1391

- 1391 **1787 Mailed Bust Left. M.4-L. Horned Bust.** 140.6 grains. Very Fine. Here is a very attractive specimen of this common variety easily distinguishable in this die state by a large "horn"-like die break in the left obverse field. Surfaces are a marvelous medium brown and exhibit no planchet flaws whatsoever. Tops of letters at left periphery of both sides are weak, and a rim bruise near 'C' of 'CONNEC' should be noted for complete accuracy.

1392 **1787 Mailed Bust Left. M.11.1-E (R-2).** 130.4 grains. Fine in terms of detail, but details a trifle weak due to uniform porosity. Struck about 10% *off center*, cutting the date off the coin. Dies oriented *medal turn*; **1787 Connecticut Copper. Draped Bust Left. M.33.2-Z.5 (R-1).** 120.6 grains. Very Good. Medium brown, with ruddy highlights in the protected areas. Full date and a good type specimen. **2** pieces.

NEW JERSEY COPPERS

1393 **1786 Maris 23-P (R-4).** 152.9 grains. Very Good. Olive brown and porous, with some rougher patches. Date is not present; **1787 M.28-L.** 129.5 grains. Very Good or finer, with porous surfaces. **2** pieces.

1394 **1787 Maris 62-q.** About Good. Many surface marks; **1837 Half Cent Token. Low 49, HT 73.** Extremely Fine. Cleaned to an unnatural red hue, now retoning. Curved clip below date which is unusual for this issue. **2** pieces.

1395 **1788 M.65-u (R-3).** 125.8 grains. Fine. Bluish-brown peripheries surround brighter copper-brown centers, the probable remnants of a past cleaning. Bold denticulation at the upper obverse and left reverse. Three large planchet flaws at the reverse shield, with graininess showing through at the weak centers. This weakness in addition to numerous die cracks on the obverse are witness to this coin's advanced die state (as Taylor:2268).

VERMONT COPPERS

1396 **1786 Mailed Bust Left. Ryder 10.** 118.4 grains. Fine or better in terms of detail. Here is a coin that was obviously dug from the ground, given its surface porosity and its rust-brown and green surfaces.

1397 **1787 Mailed Bust Right. R.13. BRITANNIA variety.** 85.3 grains. Very Fine in terms of detail, but uniformly very porous with a planchet flaw at 12:00 on the obverse that continues down the center of the reverse.

FUGIO CENTS

The following group of Fugio Cents is remarkable for its depth of varieties and rarity, with most of the major types represented, such as Raised Rim on Label, Club Rays, Cross after Date, Stars on Label, 1 over horizontal 1, etc. Buying from many sources, and taking the opportunity to add from the illustrious Kessler and Robison collections, the consignor was able to acquire an astounding 28 different varieties, plus a New Haven Restrike. Although the overall quality does not compare with the coins in the recently dispersed Ford Collection, this group includes a number of rarities missing from Ford, such as the extremely rare 17-W.2 and the 20-R. Also worthy of note is a decidedly heavyweight 11-X, a monster at 189.5 grains.

CROSS AFTER DATE FUGIO CENT

Lot No. 1398

- 1398 **1787 Kessler 1-B. Cross After Date. UNITED STATES. Rarity-4.** 140.9 grains. Extremely Fine details. Mostly even granularity covers both faces of this coin, with more severe spots to the left of the sunface and around MIND BUSINESS at the lower obverse. In terms of sharpness, this coin is on a par with Norweb's and sharper than Ford's. The obverse is perfectly centered, the reverse is a trifle off center toward 12:00. Dark brown rings the obverse, with golden brown highlights toward the centers, while the reverse is uniformly dark brown, verging on black. Here is a *very scarce* Fugio Cent type listed in the *Red Book*.

Ex Robison Collection (Stack's, February 1982, lot 268); earlier ex Stack's, February 1973, lot 40.

VERY RARE K.1-L FUGIO CENT

Lot No. 1399

- 1399 **1787 K.1-L. Cross After Date. STATES UNITED. Rarity-6.** 129.7 grains. About Very Fine. This coin shares an obverse with the last, the reverse instead orienting the central legend STATES UNITED instead of UNITED STATES, reading left to right. The color ranges from golden brown to dark brown, while the surfaces on this are a bit more porous than the last, with more severe areas weakening FUGIO, and a planchet flaw affecting the right edge of the sundial and corresponding area on the reverse. The date is bold, as is the all-important cross. For those who might have missed out on the Ford pieces offered last month, here is another opportunity to acquire a specimen of this *very rare* type coin.

Ex Robison Collection (Stack's, February 1982, lot 269); earlier ex Stack's, February 1974, lot 65.

- 1400 **1787 K.3-D. Club Rays. UNITED STATES. Rarity-3.** 143.5 grains. Very Good. Devices are smooth, but fields range from porous to extremely porous, with green verdigris affecting the reverse. A planchet clip (or a chip out of the edge) is noted at 5:00 on obverse.

Ex Kessler-Spangenberg Collection (NASCA, April 1981, lot 2412).

- 1401 **1787 K.4-E. Club Rays. UNITED STATES. Rarity-3.** 141.4 grains. About Very Good. Lovely chocolate brown surfaces are microporous, with the high points worn into a glossy smoothness. This coin was gently warped in the past, focusing wear at the left side of the label on the reverse. A tiny planchet clip is noted at 6:00. Here is a respectable example of this important Fugio type.

- 1402 **1787 K.4-E. Club Rays. UNITED STATES. Rarity-3.** Another. 146.4 grains. About Very Fine. Holed at sunface, uniformly porous.

Ex Kessler-Spangenberg Collection (NASCA, April 1981, part of lot 2415).

Lot No. 1403

- 1403 **1787 K.7-T. Fine Rays. STATES UNITED. Rarity-5.** 151.2 grains. About Extremely Fine. Strongly struck, with essentially all design details and legends visible despite light wear and light porosity on both sides. High points are golden brown, while the fields are generally dark brown. Here is an attractive specimen of a *rare* variety of our nation's first Cent.

- 1404 **1787 K.7-T. Fine Rays. STATES UNITED. Rarity-5.** Another. 149.6 grains. Very Fine. Uniformly very porous, the left half of the obverse more so than the right. Yellow brown obverse is ringed by darker brown peripheries, the reverse is dark brown.

- 1405 **1787 K.7-T. Fine Rays. STATES UNITED. Rarity-5.** A third. 155.3 grains. Very Fine, but uniformly very porous. This coin's salient feature is an incomplete clip created when the planchet cutter did not pierce through the rolled stock. A tiny rim clip is also noted at 6:00.

- 1406 **1787 K.7-T. Fine Rays. STATES UNITED. Rarity-5.** A fourth. 134.0 grains. Fine. High points are a smooth golden brown, fields are darker brown and quite rough in general. Struck from an early reverse die state and probably without the obverse break.

- 1407 **1787 K.7-T. Fine Rays. STATES UNITED. Rarity-5.** A fifth. 138.1 grains. About Fine. Here is an attractive, well-circulated specimen of this rarity, with generally smooth high points and very lightly porous fields. A flan flaw is noted just above 'R' of YOUR, and the area left of the surface and the corresponding area on the reverse are a bit rough.

LOVELY MINT STATE K.8-B FUGIO CENT

Lot No. 1408

- 1408 **1787 K.8-B. Fine Rays. UNITED STATES. Choice Uncirculated.** 157.7 grains. Here is an outstanding example of this variety featuring boldly struck and very well centered devices and a fair share of original mint gloss. In fact, very, very faint tinges of red may be noticed in and around the legends and devices. Since a Fugio Cent would not be a Fugio Cent without *some* planchet flaws, a few, fortunately very minor ones, may be seen on both sides. An attractive specimen ideal for inclusion in a Colonial Type Set or a collection of U.S. Cents.

- 1409 **1787 K.9-P. Fine Rays. STATES UNITED. Rarity-5.** 144.7 grains. About Fine. Smooth, olive brown surfaces host many fine ticks but fortunately no planchet flaws of which to speak. Well centered and attractive, the date is a trifle weak on this *very scarce* variety.

- 1410 **1787 K.9-P. Fine Rays. STATES UNITED. Rarity-5.** Another. 149.9 grains. About Fine. Here is a coin with comparable or a perhaps a bit less wear than the previous, but this coin exhibits even, light porosity on both sides. Device and lettering are highlighted in light brown, fields are a darker hue.

- 1411 **1787 K.9-P. Fine Rays. STATES UNITED. Rarity-5.** A third. 164.2 grains. Very Good. Porous, medium brown surfaces display some ruddy corrosion deposits and a few old hits.

VERY RARE K.9-T FUGIO CENT

Lot No. 1412

- 1412 **1787 K.9-T. Fine Rays. STATES UNITED. Rarity-6.** 141.6 grains. About Very Fine. Smooth, glossy light brown surfaces exhibit some light planchet flakiness over areas of both faces, with a much more severe planchet flaw at 5:00 on the obverse and a corresponding area on reverse. Some ancient, toned down pin scratches are noted to the right of the sundial. This variety was missing from Norweb, and this specimen, although not quite as nice as Hancock's or Ford's, is a more than respectable specimen of this **very rare** variety that was called R-7 not so long ago.

Ex Kessler-Spangenberg Collection (NASCA, April 1981, lot 2423).

- 1413 **1787 K.10-G. Fine Rays. 1 Over Horizontal 1. UNITED STATES. Rarity-6.** 135.2 grains. About Good obverse, Good reverse. On the obverse only the lower parts of the sundial, parts of MIND YOUR BUSINESS and a full date are visible, while the reverse is complete. Surfaces are smooth and glossy, with some planchet flakiness at the left obverse, a planchet flaw at the right obverse, and two patches of surface corrosion on the reverse. Of the 3 known die combinations of this unique obverse die, this is the second rarest.

Ex Robison Collection (Stack's, February 1982, lot 278).

HEAVYWEIGHT K.11-X FUGIO CENT

Lot No. 1414

- 1414 **1787 K.11-X. Fine Rays. STATES UNITED. Choice Uncirculated.** *Heavy Planchet.* 189.5 grains. Olive and chestnut brown tones dominate this exquisite Fugio Cent that reveals very minuscule hints of mint red in the protected areas of the legends. Glossy and lustrous, this coin exhibits an extremely bold strike and virtually flawless surfaces, with just a hint of inherent planchet roughness at BUSINESS on the obverse. At 189.5 grains, this specimen is the heaviest recorded example of K.11-X, outdistancing the previous heaviest known by 3.4 grains. In fact, this is one of the heaviest extant Fugio Cents. As a point of reference, not including the gargantuan "piedfort" K.17-S (333.0 grains) in the Norweb sale, the heaviest recorded Fine Rays Fugio Cent is 197.4 grains, according to research by Jim Spilman of the Colonial Newsletter Foundation.

Thanks to Jim Spilman for his research assistance.

- 1415 **1787 K.12-M. Fine Rays. STATES UNITED.** Rarity-4. 141.9 grains. Very Good or finer. Light brown and smooth, this coin exhibits no problems other than a minor rim bruise at 1:30 on the obverse. The date is a trifle weak, but this coin is very attractive.

Lot No. 1416

- 1416 **1787 K.12-S.1. Fine Rays. STATES UNITED.** Rarity-5. 150.2 grains. About Very Fine. Glossy, chocolate brown surfaces are interrupted only by a few subtle planchet laminations at the upper central obverse and the lower left rings on the reverse. A few ancient pin scratches lie well hidden in the lower sun's rays, otherwise this is a beautiful specimen of this *very scarce* variety.

Ex Kessler-Spangenberg Collection (NASCA, April 1981, lot 2430)

- 1417 **1787 K.12-U. Fine Rays. STATES UNITED.** Rarity-5. 154.6 grains. About Fine. Surfaces are remarkably smooth and glossy on this *very scarce* variety, with only an ancient pin scratch through the sun's rays and a few minor stains interrupting this coin's smoothness. The reverse exhibits extremely strong die clashing in the rings, with some of the clashed letters of MIND YOUR BUSINESS readable on the reverse!

HIGH GRADE K.12-X FUGIO CENT

Lot No. 1418

- 1418 **1787 K.12-X. Fine Rays. STATES UNITED.** Rarity-3. 149.6 grains. About Uncirculated. Glossy deep brown tones dominate, while the very highest points show light wear, lending them a lighter tan hue. Boldly struck and relatively free of planchet flaws (but for one at the central reverse), this coin retains a pleasing appearance and makes for an ideal inclusion in a type set. It is interesting to note that there is a trifling amount of mint red visible around the lower left obverse cinquefoil and around the rings at 11:00 to 12:00 on the reverse.

PLEASING K.13-R FUGIO CENT

Lot No. 1419

- 1419 **1787 K.13-R. Fine Rays. STATES UNITED.** Rarity-5. 147.5 grains. Very Fine. Here is a very eye-appealing two-tone specimen of this *scarcity* featuring light tan devices and darker coffee brown fields. Surfaces are essentially smooth, but for extremely minor roughness in the usual spots in the sun and at the lower obverse. WE ARE ONE at the reverse center is weak, as is usually seen with this variety, the result of die failure at that point. A perfectly curved, small planchet clip is noted at 1:30 on the obverse.

Ex Kessler-Spangenberg Collection (NASCA, April 1981, lot 2437).

- 1420 **1787 K.13-R. Fine Rays. STATES UNITED.** Rarity-5. Another. 151.4 grains. Very Good. Like the piece above, this coin has a two tone appearance but exhibits very fine planchet porosity on both sides. '87' of the date is obscured by a hit, and the reverse center is weak, as is normal for the variety.

Lot No. 1421

- 1421 **1787 K.13-X. Fine Rays. STATES UNITED.** Rarity-3. 138.7 grains. About Uncirculated and essentially Mint State in terms of actual wear. Both sides host some light glue deposits that probably date to a time when this coin was still mint red, as the color under the glue is still a pinkish hue. An old, misguided attempt to remove the glue resulted in several scratches around the glue deposits (the glue can be more carefully removed with a strong solvent like acetone). Reflective brown surfaces have some very light planchet flaws and a more severe one in the lower surface.

- 1422 **1787 K.14-O. Fine Rays. STATES UNITED.** Rarity-5. 140.8 grains. Very Fine. Evenly balanced, ruddy medium brown surfaces define this *very scarce* Fugio variety. Reverse center exhibits very light planchet flaws, while there is a more severe patch of graininess at the lower left reverse and corresponding area on the obverse. Die severely cracked from lower label to rim.

Ex Kessler-Spangenberg Collection (NASCA, April 1981, lot 2441).

- 1423 **1787 K.14-O. Fine Rays. STATES UNITED.** Rarity-5. Another. 135.9 grains. Very Good. Smooth, light brown devices contrast boldly with darker, coffee brown fields. Surfaces are generally grainy, with areas of more severe granularity on both sides.

- 1424 **1787 K.15-H.1. Fine Rays. UNITED STATES.** Rarity-5. 133.8 grains. Very Fine or better in terms of actual wear, surfaces are quite dark and granular. Edges have also sustained some damage or scratches at several points around the circumference of this coin. Obverse die boldly cracked as usual, the reverse die is in its perfect state. Of four combinations incorporating the 15 obverse, the 15-H pairing is the only one with the UNITED STATES type.

APPEALING STAR ON LABEL FUGIO CENT

Lot No. 1425

- 1425 **1787 K.15-Y. Fine Rays. 8 Pointed Star on Reverse Label. STATES UNITED.** Rarity-3. 147.1 grains. Very Fine to Extremely Fine. Boldly struck, with the all-important pair of stars on the reverse label boldly visible. FUGIO is weak on the obverse, the result of even, light granularity found on both sides of this coin, and a patch of corrosion may be seen around YOUR on the obverse. Devices are mostly highlighted in light brown, fields are much darker brown.

Ex Robison Collection (Stack's, February 1982, lot 283; earlier ex Stack's, December 1971, lot 76).

A SECOND STAR ON LABEL FUGIO CENT

- 1426 **1787 K.15-Y. Fine Rays. 8 Pointed Star on Reverse Label. STATES UNITED.** Rarity-3. Another. 140.5 grains. Very Fine, or finer. All legends and devices are light brown, clearly standing out against chestnut brown fields for an eye-appealing appearance on both sides. The two 8 Point Stars on the reverse label are boldly visible despite the microgranularity that affects both sides. Here is an attractive specimen of this popular *Red Book* type.

- 1427 **1787 K.16-H.1. Fine Rays. UNITED STATES.** Rarity-5. 141.1 grains. Very Good. Light brown centers darken in tone toward the peripheries of this lightly porous specimen. There are a few ancient small scratches cross the reverse label at its left.

- 1428 **1787 K.16-N.1. Fine Rays. STATES UNITED.** Rarity-4. 151.4 grains. Extremely Fine details, but lightly to very porous over all surfaces. Dark brown, with iridescent toning.

- 1429 **1787 K.16-N.1. Fine Rays. STATES UNITED.** Rarity-4. Another. 133.1 grains. Fine or better. Smooth light brown surfaces and a major planchet flaw at the left obverse and reverse define this coin. Holed and plugged at the surface.

Lot No. 1430

- 1430 **1787 K.17-S.1. Fine Rays. STATES UNITED.** Rarity-5. 136.8 grains. Fine to Very Fine. Olive brown and well struck, with even light granularity on both sides. The obverse is well centered, the reverse is a trifle off center toward 1:00. A small planchet flaw at the central obverse and a patch of porosity at the upper reverse are noted for completeness of description.

EXTREMELY RARE K.17-W.2 FUGIO CENT

The Kessler Reverse Plate Coin

Lot No. 1432

- 1432 1787 K.17-W.2. Fine Rays. STATES UNITED. Rarity-7. 163.5 grains. Fine. Surfaces are a lovely light brown color and are remarkably smooth for a Fugio, with only a couple of flan flaws on the obverse. A tiny planchet clip at 5:30 and several fine scratches on both sides serve to hallmark this specimen, which Kessler used to picture the W.2 reverse in his 1976 book on the Fugio Cents. This variety was conspicuously absent from the Hancock and Ford Collections, while the Norweb specimen was finer. Here is a fine specimen of this **extremely rare** variety that will be a prize for any specialized collector of Fugio Cents. In fact, the cataloguer of the Kessler collection called this variety "one of the great rarities" in the series.

Ex Kessler-Spangenberg Collection (NASCA, April 1981, lot 2449).

VERY RARE K.18-H.1. FUGIO CENT

Lot No. 1433

- 1433 1787 K.18-H.1. Fine Rays. UNITED STATES. Rarity-6. 145.1 grains. Good. Medium brown legends and devices are flanked by darker brown fields on this well-worn specimen of this **very rare** variety. There are a couple of minor planchet laminations on both sides, in addition to some ancient pin scratches. The right reverse is much stronger than the left, as is the case with all specimens of this variety.

A PAIR OF APPEALING K.18-U FUGIO CENTS

Lot No. 1434

- 1434 1787 K.18-U. Fine Rays. STATES UNITED. Rarity-4. 135.6 grains. Choice Very Fine. Here is a lovely example of this scarce variety tracing its pedigree to the famed Kessler Collection. Surfaces exhibit a two-tone appearance, with light brown devices standing out boldly against deep ruddy chestnut brown fields. Dies are heavily clashed, while a glass reveals a thin scratch near the date and a small planchet flaw at the central reverse.

Ex Kessler-Spangenberg Collection (NASCA, April 1981, lot 2451).

Lot No. 1435

- 1435 1787 K.18-U. Fine Rays. STATES UNITED. Rarity-4. Another. 152.2 grains. Choice Very Fine. Essentially a match to the last in terms of wear, the surface color, however, is radically different. The fields on this coin are a lovely, glossy medium brown, while the devices are a light brown and graphite gray. The obverse peripheries display a few minor ties or planchet laminations, and the reverse exhibits strong die clashing like the last.

RAISED REVERSE LABEL FUGIO CENT

Lot No. 1436

- 1436 1787 K.19-Z.1. Fine Rays. Reverse Label with Raised Rims. STATES UNITED. So-called "Production Pattern Reverse." Rarity-5. 151.1 grains. Fine or better. Glossy and smooth, light brown surfaces host some ancient light marks on both sides of this important and popular type coin. The right half of the reverse label is weak, as is normal for this variety. Dies are oriented medal turn (a condition called "book-wise" in the Robison sale).

Ex Robison Collection (Stack's, February 1982, lot 290)

1437 1787 K.19-Z.1 (?). Fine Rays. Reverse Label with Raised Rims. STATES UNITED. So-called "Production Pattern Reverse." Rarity-5. Another. 152.1 grains. Good. Although we have catalogued this as a Z.1 reverse, due to this coin's advanced wear, we are not wholly certain that this is correct. We leave it to the buyer to determine attribution of this lightly pitted, variegated brown specimen.

VERY RARE K.20-R FUGIO CENT

Lot No. 1438

1438 1787 K.20-R. Fine Rays. STATES UNITED. Rarity-6. 157.8 grains. Very Fine and exhibiting surfaces that are essentially Choice for a Fugio Cent. Some light roughness is noted at MIND YOUR BUSINESS, part of which is caused by a struck-through that is also seen at the corresponding area on the reverse. This specimen, chosen by Kessler for his own collection, is olive-brown, glossy, and quite attractive for the variety. Missing from Ford and most probably finer than the non-plated, "rough Fine" in Hancock.

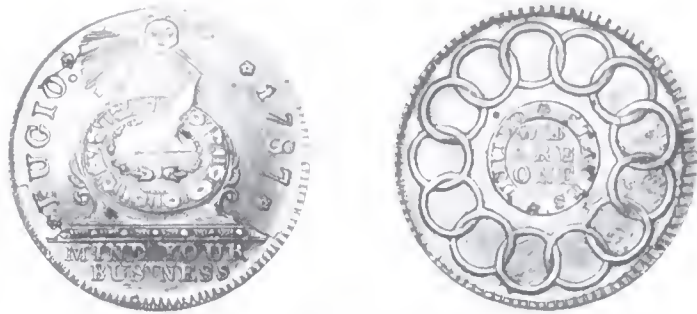

Ex Kessler-Spangenberg Collection (NASCA, April 1981, lot 2457).

VERY RARE K.20-X FUGIO CENT

Lot No. 1439

1439 1787 K.20-X. Fine Rays. STATES UNITED. Rarity-6. 129.3 grains. Choice Very Fine. Lovely light olive-brown surfaces exhibit very fine microgranularity on both sides that fortunately does not make this coin unsightly. Both sides are a trifle off center, and the surfaces are remarkably planchet flaw-free, although a trio of marks on the obverse may or may not be planchet flaws. This specimen of this **very rare** variety is finer than both Hancock's and Norweb's, but inferior to that contained in the illustrious Ford Collection.

Lot No. 1440

1440 1787 K.104-FF. New Haven Restrike. Copper. Uncirculated. 139.5 grains. Struck from the advanced state of the obverse die featuring a die crack from rim to 'O' of FUGIO through upper cinquefoil to sun's rays and another from rim 'F' of FUGIO through the lower cinquefoil to the base of the sundial. This coin's centers are light golden brown, featuring a deeper ruddy brown color toward the peripheries. A couple of minor carbon spots on each side are noted for complete accuracy.

WASHINGTONIANA

1441 No Date. Washington Double Head Cent. Baker 6. Plain Edge. 122.3 grains. Very Fine. Glossy chestnut brown surfaces with a few extremely minor rim ties.

Ex Kessler-Spangenberg Sale (NASCA, May 1981, part of lot 2415).

1442 1783 Georgivs Triumpho Token. B.7, Breen 1184. 135.9 grains. Choice Fine. Here is a heavyweight specimen of this variety, heavier than the specimen in our September 2003 Sale (103.1 grains) and heavier than even the Garrett specimen (135.5 grains) cited by Breen. Surfaces are smooth, chocolate brown, problem-free, and essentially perfect for a well-circulated coin.

MISCELLANEOUS ISSUES

Lot No. 1443

1443 No Date (circa 1792-94). Kentucky Token. Plain Edge. 152.6 grains. Extremely Fine. Glossy, light chestnut brown surfaces exhibit a fair amount of mint gloss and the usual light wear at 'OUR CAUSE' on the obverse. Attractive, and thus a good specimen for type.

1444 1796 Castorland Token. Uncirculated. Silver, 226.7 grains. City Goddess of the French colony in upper New York. Rv. Ceres with sugar maple, beaver below. Post-1880 Paris Mint strike, edge Cornucopia ARGENT.

REVERSE LARGE CENTS

POPULAR CHAIN CENT

Lot No. 1463

- 1463 **1793 Sheldon 4. Chain AMERICA. Period after LIBERTY.** *Date Re-engraved.* Detail of Fine-12, but uniformly very porous. Surfaces are dark brown, with the very highest points highlighted in lighter salmon hues. The all important Chain on the reverse is very bold, the obverse figure of Liberty is a trifle weak. The date has been crudely re-engraved to 1793, with fresh metal visible where metal was moved. The recutting of the date was done perhaps in an attempt to strengthen what might have been a weak or non-existent date before the alteration.

- 1464 **1793 Sheldon —.** Fair. Wear leaves visible only the outline of Liberty's face, the links and ONE CENT, making positive attribution virtually impossible. Light tan surfaces show an obverse corrosion spot behind the head and a couple of old cuts.

U. S. FLOWING HAIR, WREATH
REVERSE LARGE CENTS

- 1465 **1793 S.10 (R-4). Wreath.** Fair. Smooth tan surfaces highlight full outlines of head and LIBERTY, reverse displays legible legend, bold wreath and CENT. Remarkably trouble-free, "honest wear."

Ex Coin Galleries Mail Bid Sale (May 1983, lot 1390).

1793 WREATH CENT

Lot No. 1466

- 1466 **1793 S.11B. Lettered Edge. Two Leaves after DOLLAR.** *Date re-engraved.* Detail of Fine-12, but exhibiting major porosity that seems to move horizontally across the coin. The coin is a ruddy earth brown hue, with a strong Liberty Head and a very strong and clear "Wreath" above the date. The date, however, has been skillfully re-engraved to match the style of the original date.

U. S. LIBERTY CAP LARGE CENTS

Lot No. 1467

- 1467 **1793 S.13 (R-4). Parallel Leaf.** Good-6/About Good-3. Head, cap and LIBERTY are strong, the reverse shows about half of the legend, full wreath. Appealing, smooth medium brown with a faint hairline slanting across mid-reverse.

Ex George D. Hatte Collection (Bowers & Merena, August 1983, lot 245).

- 1468 **1793 S.14 (R-5). Dotted I.** Fair/Poor. The obverse is actually bold in contrast to the anonymous reverse, the severely broken die being unmistakable. Medium brown.

Ex Kessler-Spangenberg Sale (NASCA, April 1981, lot 2505).

- 1469 **1794 S.17a (R-5). Head of 1793. Wide Straight Date.** Very Good-8/Good 4. Medium brown with microporosity, Liberty's features, date and legend are very clear with a old cut at 11:00. Reverse lettering is distinct, making a pleasing overall impression.

Ex Sipe & Ness Collections (Bowers & Merena, January 1984, lot 454).

- 1470 **1794 S.22. Mounds variety.** Fine-15, or finer. Glossy and mostly smooth dark chestnut brown surfaces lend an attractive appearance to this coin. The die sinking for which this variety is known is quite advanced, especially at the upper reverse. Several significant edge knocks are this coin's only detraction.
- 1471 **1794 S.22. Bent 6th Lock.** Another. Fair/About Good-3. Relatively bold obverse, full date and legend, reverse shows partial legend and wreath. Medium brown.
Ex Kessler-Spangenberg Sale (NASCA, April 1981, lot 2506).
- 1472 **1794 S.26. Severed Hair Strands.** Fine-12. This obverse bolder than the reverse, surfaces show effects of an old cleaning.
- 1473 **1794 S.43. Short Bust, Berry at C.** Fine-12. Delightfully detailed with even "rounded" porosity, deep pleasing brown surfaces show real visual charm.
Ex Kessler-Spangenberg Sale (NASCA, April 1981, lot 2507).
- 1474 **1794 S.44. Short Bust, Clipped Curl.** Very Fine-20. Boldly detailed, bold diagonal reverse crack is quite apparent, deep brown surfaces are uniformly porous.
- 1475 **1794 S.50 (R-5+).** Very Good-10. Evenly worn, dark brown surfaces betray some porosity when viewed under a glass. Denticulation is about $\frac{2}{3}$ complete on the obverse, about 50% on the reverse, while the date and some of the reverse peripheral legends are a bit weak. Several surface marks and rim tics may be noted on both sides. **Rare** and sure to elicit much attention.

VERY RARE 1794 S.53 LARGE CENT

Lot No. 1476

- 1476 **1794 S.53 (R-6). "Severed Sixth Lock."** Good-6 obverse, About Good-3 reverse. Here is a coin that saw advanced circulation wear, receiving many tiny hits in the fields and rims from other of its thick planchet peers over its lifetime. Pleasing, relatively smooth dark brown surfaces are surprisingly appealing, and there are no other glaring problems to note. **Very rare** and a prize for the collector of 1794 Large Cents.

- 1477 **1794 S.65 (R-5). Shielded Hair, Short Stems.** Very Fine-20. Very sharp impression of the dies, bold detail despite circulation. Deep brown, porous with edge drilled in two places to pivot or spin in a bezel.
- 1478 **1794 S.65.** Another. Very Good-8, reverse weak due to porosity. Blue brown and uniformly porous on obverse.

- 1479 **1794 S.65.** A third. Very Good-8/About Good-3. Slightly off center, the lower obverse is correspondingly more detailed, the reverse nearly smooth.
- 1480 **1794 (3).** Fair to Good. Well worn coins, the first two notably porous, last showing effects of burial. **3 pieces.**
- 1481 **1794 Fair; 1795 S.76b. 5 Pierces Bust (2) About Good-3, Very Good-8/Good-4; S.78. Close Date.** Fair. First and last coins show damage, second has a planchet clip. **4 pieces.**
- 1482 **1794** About Good-3. Corroded, with dents on reverse; **1795** Fair-2/Poor-1; **1798** Holed, the reverse planed off and scratched; **1800, 1801, 1803, 1805, 1806, 1809, 1810.** Fair-2 to Very Good-8. Mostly damaged or corroded specimens. **10 pieces. SOLD AS IS. NO RETURNS.**
- 1483 **1795 S.73. Lettered Edge, Hyphen. Low Rarity-5.** Very Good-8. Hyphen-like dash separates RY on this medium brown coin's clear obverse. Legend, wreath and denomination are all bold.
- 1484 **1795 S.74. 5 Pierces Bust.** Very Good-8. Pleasing smooth light reddish-brown surfaces, a planchet clip at 12:00 adds appeal.
- 1485 **1795 S.76b. Plain Edge, ONE CENT high.** Very Fine-20 in strict terms of wear. Liberty's face has been gouged, and the reverse wreath has a corrosion spot.
- 1486 **1795 S.77. Plain Edge, 5 Pierces Bust.** Fine-12. A well-detailed obverse contrasts with unevenly worn reverse. Tan-brown and attractive.
- 1487 **1796 S.84. Slanting Date.** Fine-12/Fair. Most of the obverse is quite bold with areas of porosity, the reverse is nearly smooth.
- 1488 **1796 S.88 (R-4). Club Pole.** Fine-15 in strict terms of wear, forcefully struck but showing some microporosity. Blue and coppery sheens from cleaning at one time; **1796 S.91. Wide, Curved Date. Very Good-8.** A sharply detailed strike, deep brown surfaces show old encrustation and areas of corrosion. **2 pieces.**
- 1489 **1796 S.89 (R-3+).** Very Good-8. Attractive dark brown coloration joins medium porosity on the obverse, heavy porosity on the reverse.

Lot No. 1490

- 1490 **1796 S.100 (R-5+).** Fine-12 in terms of detail, but very porous, with ebony deposits on both the obverse and reverse. Surfaces are otherwise very deep chestnut brown and unsightly. With only a few dozen known of this variety, however, the present specimen would make an inexpensive "hole filler" for this **rare** Sheldon variety.

U. S. DRAPED BUST LARGE CENTS

- 1491 **1796 S.115.** Very Fine-30 from the standpoint of detail, but uniformly very porous, resulting in a weakening of some of the designs and legends. A good "hole filler" for a tough to find variety.

VERY SCARCE HIGH GRADE 1800 S.211

Lot No. 1505

- 1505 **1800 S.211.** Very Fine-35. Glossy dark brown surfaces exhibit a lighter shade of brown at the high points of the design details. A glass reveals light deposits that fortunately do not detract from this coin's overall eye appeal. *Condition Census* for the variety, fitting nicely into both the sequences listed in the Breen Large Cent book and CQR. A very slight wave can be seen in the coin when placed on a flat surface.
